TO WHOM IT MAY CONCERN

Re: Employment Reference – Cwenga Tshingila

Cwenga Tshingila has been at Victoria Park Grey as a student teacher.
As management we have learnt the following about him.

He was exposed to all grades and subjects in the phase.

He is well organized and prepared for lessons, takes initiative, obliging and helpful in class. Good with the learners, very pleasant, yet professional attitude.

Brilliant student teacher, he was always willing to help, learners responded well to him. He always took initiative in class. Lessons were well prepared and conducted at a high standard. He assisted with marking as well as assisted at many of the schools events. He also made himself available to assist at our winter sports festival.

He taught across the board.

Duties he can most definitely handle as a post level 1 educator for 2026 include the following:

- To engage in class teaching which will foster a purposeful progression in learning and which is consistent with the learning areas and programmes of subjects and grades as determined.
- To be a class teacher.
- To prepare lessons taking into account orientation, regional courses, new approaches, techniques, evaluation, aids, etc. in their field.

- To take on a leadership role in respect of the subject, learning area or phase, if required.
- To plan, co-ordinate, control, administer, evaluate and report on learners' academic progress.
- To recognise that learning is an active process and be prepared to use a variety of strategies to meet the outcomes of the curriculum.
- To establish a classroom environment which stimulates positive learning and actively engages learners in the learning process.
- To consider and utilise the learners' own experiences as a fundamental and valuable resource.
- To assist the departmental head to identify aspects which require special attention and to assist in addressing them.
- To cater for the educational and general welfare of all learners in his care.
- To assist the principal in overseeing learner counselling and guidance, careers, discipline and the general welfare of all learners.
- To co-ordinate and control all the academic activities of each subject taught.
- To control and co-ordinate stock and equipment which is used and required.
- To participate in agreed school/educator appraisal processes in order to regularly review their professional practice with the aim of improving teaching, learning and management.
- To contribute to the professional development of colleagues by sharing knowledge, ideas and resources.
- To remain informed of current developments in educational thinking and curriculum development.
- To participate in the school's governing body if elected to do so.
- To co-operate with colleagues of all grades in order to maintain a good teaching standard and progress among learners and to foster administrative efficiency within the school.
- To collaborate with educators of other schools in organising and conducting extra and co-curricular activities.
- To meet parents and discuss with them the conduct and progress of their children.
- To participate in departmental committees, seminars and courses in order to contribute to and/or update one's professional views/standards.
- To maintain contact with sporting, social, cultural and community organisations.

I, therefore, have no doubt in recommending Mr Cwenga Tshingila for the position he is applying for. He will be an asset to any school.

Thank you.

The Chairperson
School Governing Body
Victoria Park Grey Primary School

RE: APPLICATION FOR COMPUTER EDUCATOR POST

Dear Chairperson and Members of the School Governing Body,

I write to apply for the Computer Educator position (Gr R - 7) at Victoria Park Grey Primary School. As a Cum Laude Bachelor of Education graduate from Nelson Mandela University, I believe I am well-placed to contribute meaningfully to this role and to this school.

I am not unfamiliar with Victoria Park Grey. In 2025, I had the privilege of completing part of my teaching practice at your school, where I taught across Grades 4 to 7 under the CAPS curriculum. During that time, I also delivered a lesson under the Knowledge Network Progressive Learning Programme to a Grade 5 class; an experience that deepened my appreciation for the programme's emphasis on information skills, critical thinking and digital literacy. Teaching at Victoria Park Grey shaped my understanding of what high standards in education truly look like, and it is a school I would be proud to serve.

Beyond classroom teaching, I bring genuine and practical ICT competence. I have designed and developed functional websites and mobile applications using VS Code, HTML, CSS, JavaScript, and Delphi. I am proficient in Microsoft Office Suite, Google Classroom, and a range of digital tools for teaching and assessment. I understand that the Computer Educator role demands more than surface-level computer literacy. It demands someone who can engage learners in meaningful, hands-on technology experiences. That is what I am equipped to offer.

Victoria Park Grey's mission to educate the head, heart and hands of every learner resonates deeply with my own teaching philosophy. I believe technology, when taught well, develops not just skills but confidence, critical thinking, and self-motivation, qualities your school has been cultivating for 150 years.

I am results-driven and disciplined, but I also believe deeply in the holistic development of learners. I have seen first-hand that a child who feels seen, challenged, and capable in the classroom carries that confidence far beyond it. That is the kind of teacher I strive to be.

I am confident that I can contribute to Victoria Park Grey's culture of excellence and uphold the values of Honour and Service that have defined this school for 150 years.

I look forward to the opportunity to be part of this institution.

Yours faithfully,

Cwenga Tshingila
